

LumenCross[®] F2

OCT Imaging Catheter

LumenCross® F2

Parameters

Model	Usable Length	Profile	Lens Position From Tip	Separate Lens Lumen
F2	1350mm	2. 67Fr(0.89mm)	20mm	Yes

Excellent lesion crossing ability

Low-profile: 2. 67Fr(0.89mm)

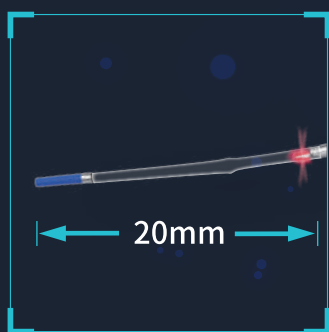

Hydrophobic coating

Enhanced out-layer of distal catheter

Outstanding capability to observe more distant artery

Short distance from Lens to Tip: 20mm
